

AN-TIM NGUYEN

UX / Product Designer

UX/Product Designer with a background in Computer Science and Product Design, working across UX, systems thinking, and digital product development. Experienced designing digital products for national platforms, telecom, and AI tools across web and mobile. Co-founded Pieces Chess Club, a community project that expanded from Lisbon to six European cities, reflecting a broader interest in how design shapes participation, learning, and human connection.

Experience

Biblioteksentralen – UX Designer 2022 – Present | Oslo

- Led UX initiatives for a national digital platform for public libraries across Norway
- Helped grow the internal product team by recruiting 2 developers and 1 designer
- Led user research and usability testing with librarians and public users to inform product decisions
- Defined and maintained a scalable design system across web and mobile platforms
- Onboarded 35 public libraries to the CMS platform ahead of national rollout

Knowit Experience – UX Designer 2021 – 2022 | Oslo

Talkmore (Telenor)

- Led design systems and UX initiatives for one of Norway's largest mobile operators
- Reduced duplicated UI patterns by creating reusable components adopted across multiple teams.

Posten Norge

- Led redesign of an employee portal used by 8,000+ employees across Norway
- Redesigned navigation and information architecture to improve usability across desktop and mobile
- Facilitated workshops, usability testing, and information architecture sessions with stakeholders and users

Unbabel – UX Designer & Frontend Developer intern 2019 | Lisbon

- Designed UX improvements for AI-powered multilingual support tools
- Bridged UX design and frontend implementation in Vue.js during iterative product development
- Refined multilingual support flows through iterative testing and product development

Pieces Chess Club – Co-founder 2024 - present | Europe

- Led branding, visual design, social media, and event direction for a growing international community initiative
- Scaled the community from Lisbon to events across London, Berlin, Vienna, Amsterdam, and Oslo
- Average attendance in Lisbon reached 600 people per event
- Built a community of nearly 10k Instagram followers
- Raised over €28 000 to charity
- Featured in Vogue UK, Huck, and Dazed
